Tonya:

I think there's a good chance (at least 75%) that we can make the August 4 deadline. Danielle is okay with it. I haven't been able to get ahold of Karen Miller yet, however. We are working on it now. It would be nice to know how extensive the ARARs related comments are going to be.

I prepared an updated cost estimate. The details of the South Pond update are a little hazy.

Ted's on vacation. Do you need a cover letter with this?

Thanks,

Mike
